Chair

Unesco Chairs in the Netherlands

Unesco is the UN organisation for Science. Unesco Chairs are part of a global network established in 1992, aimed at promoting research, education, and outreach activities within higher education institutions. Nearly a thousand Unesco Chairs worldwide contribute to the production of knowledge and the exchange of ideas in support of Unesco's mission. The United Nations' Sustainable Development Goals serve as guiding principles for their efforts.

NAME	INSTITUTION	TITLE	THEMES
Prof. Dr. Andrea Broderick	Maastricht University	Human Rights and Peace	Comparative human rights law / Socio-economic rights
Prof. Dr. Bruce Mutsvairo	Utrecht University	Disinformation, Data and Democracy	Social media / Globalization of (dis)information
